

The all-new Sorento

Large 7-seater SUV

Movement that inspires

LIFE IS WHAT YOU MAKE IT

WELCOME TO THE WORLD OF KIA

At Kia, we believe movement inspires ideas.

Great ideas come to you when you're on the move. Whether you're walking, travelling on the train or driving, there's inspiration all around.

That's the experience awaiting you behind the wheel of every Kia. With our design, space innovation, purpose-driven technology and built-in sustainability, we aim to inspire you every time you encounter the Kia brand.

You never know where your next big idea will come from. But it is out there. Waiting to be discovered. So, what are you waiting for? Get moving. Get inspired.

Movement that inspires

DESIGN EXCELLENCE IN EVERY DETAIL

WHERE ART MEETS SCIENCE

Athletic and dynamic, the 2021 Kia Sorento rewrites SUV style. Built on an all-new platform, Sorento immediately grabs you with its elongated, sculpted silhouette and purposeful stance. This latest interpretation of the iconic "Kia Tiger Nose grille" is easily the most incisive and purposeful ever.

Sorento's graceful, flowing lines are in no way compromised by the inclusion of a powerful high voltage battery. The Sorento's new platform was designed from the outset for electrification and accommodates the battery pack under the floor, with minimal impact on cabin or luggage space.

— HYBRID

YOUR SORENTO TAKES CHARGE

INTRODUCING THE SORENTO HYBRID

Featuring Kia's brand new and highly advanced Smartstream™ powertrain, the Sorento Hybrid pairs a lively 1.6-litre turbo-charged petrol engine with a 1.5kWh lithium-ion polymer battery pack and high efficiency 44.2kW electric motor. Working together the petrol engine and electric motor produce 169kW of power and 350Nm of torque, making it a vehicle for all seasons and situations.

Commute to work moving seamlessly from petrol to electric, enjoying fantastic fuel savings and reducing carbon emissions. Head for the open road - and the off-road - and Sorento performs with a muscular authority. It all happens so effortlessly; you simply leave it to the Sorento.

PLUG IN TO THE BEST OF BOTH WORLDS

SORENTO PLUG-IN HYBRID

With plug-in charging, you can leave home or a charging station knowing you have up to 57kms* of pure EV driving should you want it. Zero emission commutes, super quiet journeys, a brisk response when you need it - this is EV driving at its best.

When you want to supplement the electric motor, either to recharge it or boost performance, you simply touch the EV/HEV button and re-engage the petrol engine. Sorento Plug-in Hybrid (PHEV) gives you the best of both worlds, with the electric motor and petrol engine working together to produce 195kW of power and 350Nm of torque.

Your PHEV integrated charging port gives you the option to charge at home or at a public charging station.

*Range will differ according to operating conditions and driving style.

SORENTO SOLVES AN AGE-OLD PROBLEM

GEAR CHANGING THAT'S LIFE CHANGING

In a segment first, the 2021 Sorento Diesel introduces a wet double-clutch 8-speed automatic transmission, combining the smoothness of a traditional hydraulic automatic with the responsiveness and fuel efficiency of a dual clutch system. Whether you are cruising the highway, negotiating rush hour traffic or on the twisty backroads, your Sorento will be as easy going and relaxed or responsive and nimble as you want it to be.

As a further vote of confidence, rated towing capacity for Diesel models has been increased by a massive 25%, together with the addition of the all-new Terrain selector, which sorts out the traction and ride on the least forgiving of surfaces.

GREATER STRENGTH, HEIGHTENED SAFETY

AN UNCOMPROMISING APPROACH TO KEEPING
YOUR FAMILY SAFE

For all its elegance and style, Sorento is also a vehicle of real substance. Additional built-in passive strength is further enhanced by some of the most advanced active safety technology available today.

There is an all-new Multi-Collision Brake auto braking system, designed to work with Forward Collision Avoidance Assist. Blind Spot Collision Avoidance, Rear Cross Traffic Collision Avoidance and Lane Keep Assist all combine to reduce the chance of a collision, but in that unlikely event, seven airbags will protect you and your family.

The innovative Blind Spot View Monitor display in your dashboard gauge cluster shows you a live camera view of your rear blind spots. Parking sensors and the rear-view camera are complemented with a 360° around-view monitor, making you aware of unsuspecting pedestrians, young children or pets that may wander near your vehicle.

Young family members are further protected by up to five anchorage points for child restraints, speed sensing auto lock and a power child safety lock, as well as rear occupant alert meaning nobody gets left behind.

Also new for 2021 is Remote Smart Parking Assist (RSPA)*. Operated from the key fob, RSPA autonomously controls steering and vehicle movement, enabling Sorento to enter or exit a parking space on its own.

*RSPA is available in Diesel Premium model only. Operating conditions apply.

VERSATILITY THAT CREATES EXTRA COMFORT

SORENTO IS READY FOR YOUR LIFESTYLE

Whether you want to accommodate a big family or lots of weekend adventure gear, Sorento's wider, longer, three-row cabin is more than up to the task. Welcoming and luxurious on one hand, it is also highly functional, from the Dual Zone Automatic Climate Control to the multiple storage cubbies.

The seven seats can be configured in so many ways, with all of them folding at the touch of a button. The class leading cargo space and extra headroom swallow up surf boards, fishing gear, golf clubs and everything else for a great getaway.

TECHNOLOGY BUILT FOR SIMPLICITY

INTELLIGENT INTERACTIVITY

As vehicles evolve, they incorporate more and more technology. For Kia, this doesn't mean introducing technology for its own sake, everything must have a purpose and enhance the driving or passenger experience.

The new Sorento incorporates the very latest advances in connectivity and infotainment, enhanced by superior ergonomics and a more intuitive user experience. This is technology that anticipates and responds, that seems to think like you do.

A 10.25" LCD infotainment touchscreen and 12.3" LCD supervision dashboard screen share the info-metric duties.

On Deluxe Diesel models and all Sorento Premium models, there are no analogue dials to be seen, everything is digital, and what is displayed can be tailored to your preferences from a multitude of options. Apple CarPlay™ and Android Auto™ are both supported.

Bluetooth® smartphone pairing is available for multiple phones at the same time, along with a wireless smartphone charger hidden in the centre console and up to eight USB sockets.

An 8.5" wide customisable Head-up Display is also standard on Diesel models from EX above, and on all Premium HEV and PHEV models.

High quality audio systems are standard on Sorento. Deluxe Diesel and all Premium models feature the new 12 speaker BOSE™ Premium sound, a true reference-quality audio system.

BODY COLOURS

MINERAL BLUE

The pearlescent finish adds depth and interest to this evocative blue. This is an expressive colour that reflects this vehicle's elite status in the large SUV realm.

SNOW WHITE PEARL

A bright, crisp white, the pearlescent finish accentuates the vehicle's sharp creases and subtle curves. Creates a dramatic contrast with darker interiors.

PLATINUM GRAPHITE

The darker of our two greys, Platinum Graphite is the colour of the moment, attracting admiring and envious glances wherever your journey takes you.

AURORA BLACK PEARL

The light and movement in the pearlescent finish bring energy and life to this gorgeous black. Aurora Black Pearl is pure class, perfect for this class-leading vehicle.

RUNWAY RED

This will be the choice of those who love the sporty look, a red that says purposeful and powerful in a way that's not overstated or brash.

STEEL GREY

The lighter of our two greys, Steel Grey is a subtle, stylish, timeless hue that makes a quiet but assured and confident statement on the road.

∞ Apple CarPlay™ requires an iPhone 5 or later. It is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning® cable provided with your phone, or an Apple-certified Lightning cable. Kia cannot guarantee continued compatibility.

∞ Android Auto™ requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone. Kia cannot guarantee continued compatibility.

Specifications apply to 2021 (MY21) Sorento Diesel models.. Kia New Zealand Limited reserves the right to discontinue or change the models, features, specifications, options, designs and prices of products referred to in this brochure without incurring any liability whatsoever to any purchaser or prospective purchaser of any such products.

ECO-CONSCIOUS

SO YOU VALUE SUSTAINABLE LIVING? WE DO TOO.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environment protection.

As you can see, what you do on a small scale with your household refuse, we at Kia do on a large scale.

5 YEAR Warranty Programme (OR UP TO 100,000KMS)

All new Kia passenger vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

7 YEAR High Voltage Drive Battery Warranty (UP TO 160,000 KM)

All new Kia vehicles that are powered by a high-voltage drive battery come with a 7-Year/160,000km (whichever comes first) warranty that covers components found in the drive battery case. In the event that your vehicle becomes immobile due to a high voltage battery or system failure, we'll cover the cost of the tow to the nearest authorised Kia dealer.
